

We are Marists

Marists believe that they are called by Mary to live in her Society, a religious community of prayer, fellowship and Gospel ministry to the Church and the world.

Marists carry out the Gospel ministry in schools, parishes and chaplaincies in the USA and in other countries. As contemplatives in action they seek to lead Christ-centered lives in the spirit of Mary.

Through their life together they live a life of poverty, celibate chastity and obedience in accordance with their rule, and through their spiritual practice; they interiorize the spirit of Mary and endeavor to be Mary's presence in the Church today just as she was present in the Church at its birth.

The Marists accept candidates for the priesthood and brotherhood who are between the ages of 21 and 40.
